

Farmers Tickets Information

As a charity, the Three Counties Agricultural Society are focused on promoting and supporting Agriculture across the region, with our flagship fundraising event being the Royal Three Counties Show. We are therefore offering reduced price tickets to Farmers through a number of regional agricultural partners as a way to support our farming community who come to the show. We are fortunate in that we have a strong community of farmers that attend and support the Royal Three Counties Show as volunteers, members, exhibitors, speakers, and visitors. They participate in talks and discussions in the Future of Farming theatre, exhibit animals in the daily Grand Parade and help us to use the show as a platform to interact and educate people about food, farming and the British countryside. It's not all work as we cheer on the shearing and young farmers tug of war competitions, meet up with friends, colleagues and community to celebrate and support each other and the wider industry.

In order to support our Farming community, we are proud to be offering a number of reduced price tickets, only available to those involved in farming, which can be purchased in person only, from the following outlets (* T&C's apply). We thank these partners for their support:
